

SUSPECT HELD IN CANADA IN ALLEGED MUNITIONS PLOT

Detective Agency Making Charge
Against Austrian Interested in
Black Tom Island Explosion.

DETROIT. Mich., Aug. 26.—P. Detroit, claiming to be an Austrian, is held by the police of Walkerville, Ont., on the charge of a detective agency that he is implicated in a plot to blow up munitions in the United States and Canada. The man, an employee of the Canadian Bridge Company at Walkerville, denies knowledge of any plot.

The detective agency says Bierlich was employed some time ago in a plot to blow up munitions in the United States and Canada. The man's part in the plot was to introduce into Canada a powder mixture designed to cause a premature explosion after a limited period. The detective agency, it is said, has been unable to find the mystery of the explosion at Black Tom Island in New York Harbor several weeks ago.

WOMAN CHARGES BLACKMAIL.

ACROSS WILLIAMSBURG Man of Making Threatens to Obtain Money.
Detectives of the Seventh Branch Bureau, Brooklyn, arrested William Fries of No. 68 Central Avenue to-day in the Williamsburg Savings Bank, after he is alleged to have accepted a marked bill from Mrs. Louise Fischer of No. 1441 Broadway.

According to Mrs. Fischer, Fries had threatened her a number of times, demanding various sums of money. On Wednesday he asked her for \$400. The woman refused to give him money and a trap set for the —— accused of blackmail. Mrs. Fischer had not complained before she told the police because of fear of the law. Fries would not tell her why he knew of no reason, she said, why he should attempt the alleged extortion.

Motion Picture Notes

"Plain Jane," starring Bebe Barron, a slim, trim figure, is meeting with success. Her figure, which has made such a wonderful impression over there, must be the best advertisement for any method of reducing fat. It is safe to say that we have nothing better for this than in this country. Anything will do, however, as she loses two or four pounds a week without injury to the stomach, the causing of which, the help of exercising or dieting, or taking some special means is a mighty important and useful addition to civilizational necessities. The results, however, follow the use of these pleasant, harmless and economical little fat removers. We say economy, because the Resinol Skin-Treatment Tablets (made in accordance with the famous prescriptions) can be obtained at any drugstore, direct from the Manufacturer, Co., Worcester, Detroit, Mich. For seventy-five cents the large case, which is a decidedly handsome one, considering the number of tablets each case contains they are harmless. —Advt.

New Method of Reducing Fat

A news item from abroad informs us that the American method of producing slim, trim figures, is meeting with success.
